PRECINCT CLUB URGES DRASTIC G. O. P. CHANGES

Members from Fifth of the
Fourth Make Recommendations
to Committee

WANT DIRECT ELECTION PLAN IN PARTY BODIES

Proposals To Be Discussed in
Central Organization To-
night—Mott-Smith To
Talk on Primary
Law

Plans for reorganization of the Republican party under the conditions brought about by the new direct primary law have been drafted by the executive committee of the fifth precinct Republican club, fourth district, and will be presented at a special meeting of the county committee tonight.

Tonight's meeting will be held at Republican headquarters, third floor Bank of Hawaii building, at 7:30 o'clock. Territorial Secretary E. A. Mott-Smith has agreed to be present and will discuss the new primary law, of which he has been making a study. It is hoped that all the precinct committeemen will be present, as the business to be transacted is of importance.

The fifth precinct club at a meeting held a week ago instructed its executive committee to formulate recommendations on party welfare and changes under the new law and to report back to the club. The report was made at a club meeting held last night and Lawrence M. Judd, precinct committeeman on the county committee, was instructed to submit the recommendations to the county committee tonight.

The club's executive committee, composed of C. G. Ballentyne, L. M. Judd, F. D. Lowrey, G. H. Buttolph, O. C. Swain, D. L. Withington and C. W. Ziegler, held two meetings during the week and spent considerable time drafting the recommendations. Committeeman Judd is largely responsible for the recommendations as he made a number of the suggestions adopted and worked out the plans in some detail.

Mr. Judd's work as precinct committeeman and his party services were recognized last night when the committee unanimously passed the following resolution of endorsement: "Resolved, that the Republican club of the fifth precinct, fourth district, does hereby express its confidence in and gives its unqualified support to the work of Mr. L. M. Judd, county committeeman."

The club received the resignation of F. D. Lowrey, the secretary, who is moving to the third precinct, and elected Sherwood M. Lowrey to succeed him. The resignation of W. W. Harris from the executive committee was acted upon, Henry Giles being named in his place.

Radical Changes Suggested.
In the recommendations to be presented to the county committee tonight, plans are suggested for radical changes in the formation of the county and territorial committees. At the present time, these committees are named at the county and territorial conventions. The new primary law, while its provisions require such committees, did not provide for the manner of creating them. Committeeman Judd's plan, as it will be presented tonight, calls for a direct election of a county committeeman in each precinct. The county committees of the territory are to choose the territorial committee. Direct elections of county platform committees are also suggested, the county platform committees to choose the territorial platform committee. Other changes are urged.

Text of Recommendations.
The full text of the recommendations is as follows, the report to the executive committee having been approved unanimously by that committee and also approved as the club's recommendations:

BRITONS ARE PEEVED AT COMMITTEE

Say They Contributed Freely
but Were Ignored While the
New Zealand Was Here

British residents of Honolulu are indignant over the manner in which they were treated by the committee in charge of the entertainment of the officers and crew of the battle-cruiser New Zealand. Sharp criticisms of the committee are being made today, with the assertions that English residents here, who gave liberally toward the entertainment fund, were absolutely ignored by the committee, and that no arrangements were made for them to meet the officers of the ship.

They declare that they gave their money for the fund freely, certain that a reception, either on board the ship or at one of the clubs, would be given the officers at which British residents would be invited; but that as the program developed they saw no provision or consideration had been made for them, and that they were thrown with the general public so far as meeting the officers is concerned.

It is also shown toward the reception given by Consul Rentiers, which they say was exclusive and invitational and to which only a few of the British residents were invited. James A. Rath, head worker at the Palama Settlement, is particularly angered at the consul's action in making the reception invitational, not including in the invited guests the names of the persons who had given their money for the entertainment of the officers. He declared this morning that he had assumed, from the first time he had heard that Mr. Rentiers planned to give a reception until it

MORE SIGNAL TROOPS WILL BE SENT HERE

Platoon of Telegraph Company
and One Officer Expected on
the August Transport

That military strategists see the need for specializing in signal work, and in keeping all points on the island in touch with the various field headquarters that would be established should it ever be necessary for the garrison of Oahu to take the field, is evidenced by the announcement that another detachment of the signal corps is to arrive next month. One platoon of a telegraph company of the signal corps, in command of 1st Lieutenant F. E. Black, has been ordered to Hawaii, and will leave San Francisco on the August transport.

Field Company E, of the signal corps, which arrived here some months ago, has been on the hike for some days past, testing signal conditions in various parts of the island, and making experiments as to the effectiveness of the field wireless sets. "Conditions on Oahu for land wireless work are most unusual," said Captain Gibbs, commanding the signal company, on his return from the field yesterday. The distances that we can work the wireless varies more than one would think, on account of topographical conditions. Some personnel lines are needed, and the men who are coming on the next transport are expert telegraphers, and will handle this part of the work. Lieutenant Black is an infantryman, who has recently graduated from the signal school at Fort Leavenworth.

The detachment to arrive by the next boat will go into camp at Shafter with Company E, and will be attached to Captain Gibbs' command.

NEW ZEALAND SETS SAIL FOR VANCOUVER, B. C.

God Speed Wished British Bat-
tle-Cruiser by Host of Lo-
cal Friends

Goodby, New Zealand, and bon voyage. A crowd of Honoluluans waved farewell to the giant battle-cruiser this morning, five minutes after 9 o'clock, as she loosened her lines and slipped out into the harbor. Now the vessel has straightened her course for Vancouver, where she is due July 25. The week of festivities for the officers and crew is over, though the happy memory of them still lives in the minds of both the guests and hosts.

Hurried good-byes were extended at the Alakes wharf and a few short calls made upon the captain and officers, before the order was given for the New Zealand to cast off. Her sailing hour was not too early for many of the new friends of the officers to make their way to the dock to say and wave a farewell. And through all the shouting, the promises to return again, Kappelmeler Berger's band played, and as the ship-of-war slipped out into the sea the notes of Aloha Oe followed it.

At five minutes to 9 o'clock, the order was given for the New Zealand to begin her voyage, and slowly the giant ship obeyed the order and moved away from the Ewa side of the Alakes wharf, where she has been docked during her visit here. The band on board played as the vessel drew out into the harbor and swung gracefully into her course. The flag of Great Britain flew from her stern. Only the playing of the bands, the shouted bon voyages, and the occasional sharp order of an officer could be heard, as salutes were not exchanged.

The docks were lined with persons

Ambassador on Arrival

[Associated Press Cable]
MEXICO CITY, Mex., July 18.—Gen. Felix Diaz, nephew of former President Porfirio Diaz and leader of the revolution that overthrew President Madero and elevated Gen. Huerta to power, has been appointed as special ambassador to Japan by Huerta, according to announcement today.

The newspapers of the capital say that Diaz will be a political exile, it being rumored that he is being sent out of the country by the Huerta leaders to prevent opposition to their plans.

Huerta is planning unusual military and civil honors for the approaching arrival of the new Japanese minister.

MICHIGAN SENATOR HITS AT BRYAN'S LECTURING

[Associated Press Cable]
WASHINGTON, D. C., July 18.—An aftermath of the Bryan incident, when the secretary was found to be away from his post on a lecture tour, came today in the senate. The senate tabled the resolution of Senator Bristow of Kansas, who inquired of the president how much salary it would take to keep Bryan at his post. The tabling was accomplished by the Democratic majority. Senator Charles E. Townsend of Michigan declared in the course of debate that Bryan would better resign unless he is willing to devote his full time to the work of the secretary of state.

BARONETCY PROBABLE FOR CAPTAIN LIONEL HALSEY

CAPTAIN LIONEL HALSEY.

Persistent Rumor in British Colony Meets With Favorable Consideration of Many Friends of Master of New Zealand

A rumor has persistently repeated itself, and convinced many of the members of the British colony of its truth, that a baronetcy for Captain Lionel Halsey of the battle-cruiser New Zealand will follow shortly on his return to England from his globe-grinding tour. Whether the report is true cannot be definitely said, but a number of the officers aboard the vessel declare that they would not be surprised if the captain was given a title.

Prince Henry of Battenburg, a sub-lieutenant on board the war craft, said that he did not know whether the rumor was true, but he incidentally pointed out that it was not unprecedented for a title to be given one in the service of His Majesty. The captain of course says he does not expect such an honor, and feels, he says, to be captain of the New Zealand is quite a sufficient honor in itself.

"I have heard nothing of the proposition to create a baronetcy for me," said the captain yesterday afternoon during his reception to members of the Country, Commercial, University and Pacific clubs. "Of course I do not expect such an honor. I feel that it is a great honor to be captain of the New Zealand and take her on her long cruise, and I certainly do not look forward to a greater honor being given me."

Prince Henry said that he hoped

tion of Captain Halsey by giving him a title.
"It would be splendid if Captain Halsey were made a baronet, and I do not know anyone who deserves such a title more," declared Prince Henry. "But what steps, if any, have been taken in that direction I cannot say. I have been away from England for quite a while now, so I do not know what has been done there to justify the rumor here. I do know that Captain Halsey is highly esteemed in England, and that his services to the country are well recognized, therefore it would not altogether surprise me if he were given such a title."

The rumor continues to grow among the British here, and it at present looks as if it will not die out until the New Zealand has returned to England and Captain Halsey is received again in his country by his countrymen.

Another rumor is to the effect that Captain Halsey may be promoted to the rank of admiral, following his tour of the world.
